Administration Journals (click to access)

A list of Administrative titles to which the library subscribes can be found here. Bold-faced titles represent journals to which the library has provided full-text online access.

Census Information (click to access)

Use this link to obtain statistical information from the Federal Census. Use American FactFinder for quick population, housing, economic and geographic data.

Current Awareness Service

The library provides a Current Awareness Service for Administrators. This service delivers copies of the tables of contents of selected journals to you. If an article interests you, you can return the table of contents to the library and article copies will be provided to you. Contact the library for more information on this service.

National Center for Health Statistics (click to access)

The National Center for Health Statistics gathers data about the health of the United States. A variety of statistics can be viewed or printed.

Centers for Disease Control (click to access)

The Centers for Disease Control and Prevention provide professional and patient information on a variety of diseases.

CDC Wonder (click to access)

CDC Wonder provides a single point of access to a variety of CDC reports, guidelines, and numeric public health data.

New Jersey Hospital Association (click to access)

St. Joseph's Regional Medical Center is a member of the New Jersey Hospital Association, the statewide healthcare association.

US Dept. of Health & Human Services (click to access)

The US Dept. of Health & Human Services, the parent department of the Centers for Disease Control and Medicare, is accessible on the Internet.

Medicare (click to access)

Information about Medicare and Medicaid programs, regulations, and services.

Federal Register (click to access)

A searchable database of the Federal Register, from 1995 to present, can be used to locate proposed rule changes, and the final versions of all federal laws.

New Jersey Register

Similar to the Federal Register, the New Jersey Register provides information about New Jersey laws. The New Jersey Register is available online but the online version is usually several months behind the print version. Please contact the library if you need specific information from the New Jersey Register or need something more current than is available online.

New Jersey Center for Health Statistics (click to access)

A variety of health statistics about New Jersey. For labor and economic data, see the Labor Market Information
.

The healthcare accreditation commission's website includes information on sentinel events and standards revisions.
