St. Joseph's Children's Hospital at St. Joseph's Regional Medical Center is a leader in comprehensive health care for children. Recognized for our high standard of quality responsive and compassionate pediatric care, St. Joseph's is a state designated children's hospital offering a broad spectrum of services for patients from birth to 21 years of age and their families.

When children are ill or injured, their condition and treatment can affect their overall development in ways that are important to foresee. That is why we say we "treat the whole child," and have implemented a team approach to treatment. The various pediatric specialists at St. Joseph's Children's Hospital share their knowledge and experience to identify and anticipate complications that may impact the child's state-of-mind and future development.

Blazing new paths in leading-edge technology and care, St. Joseph's Children's Hospital practices family-centered care. We strive to make children and families feel safe and to help them understand and cope with the challenges of illness.

St. Joseph's Children's Hospital is an innovator in children's health, utilizing such advancements as high-definition telemedicine technology to discuss complex and rare pediatric cases with experts at other facilities. Our clinical collaborations on research studies with St. Jude Children's Research Hospital in Memphis and partnership with Medical Missions for Children allow us to strive to improve pediatric outcomes across the Nation and around the world.

A member of St. Joseph's Healthcare System and sponsored by the Sisters of Charity of Saint Elizabeth, St. Joseph's Children's Hospital is a specialized acute care state designated children's hospital located at St. Joseph's Regional Medical Center in Paterson, New Jersey. St. Joseph's Children's Hospital services are also located in 4 counties in New Jersey, readily accessible from Routes 287, 80, 46, 3, and the Garden State Parkway.
